EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Steve Mendelsohn on October 6, 2005.

3. The application has been amended as follows:

In the claims:

Claim 35, line 3: "N being at lest 2" has been changed to "N being greater than 2".

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest, alone or in a combination, among other things, at least a digital filter and its method as a whole, the combination of elements and features, which includes an adder for summing the outputs of a plurality of multipliers corresponding in number to the total number of stages in at least two multiple stage shift registers, each multiplier receiving one input from a stage of the at least two multiple stage shift registers and another input from a tap weight shifter, the adder generating two or more sum outputs between consecutive shiftings of new data into the at least two multiple stage shift registers and no new data is shifted into any of the at
